Dear Sir:

Last March my friend and I saw a flying saucer over our school it was silver and red at the tips it had a blue greenish exhaust. It was flying horizontally for about 5 minutes and then went vertically up and disappeared. Before it went straight up it stopped for 10 seconds. We never told anyone until a week later told [REDACTED] our school teachers and some friends. They said we were crazy, so we would like to ~~have~~ know what to do.

Thank you

Dear Mr. [REDACTED]

As your sighting took place about four months ago, or longer, it is not possible for this office to provide an evaluation.

The material provided to you some time ago (by this office) clearly defines the Air Force's interest in UFOs and states that there is no evidence that UFOs are interplanetary spaceship or that they are intelligently controlled vehicles.

Sincerely,

MASTON M. JACKS
